

In G Major

Hunt the Squirrel

Playford

♩ = 100

Chords: G, G, G, D, G, G, G, D, G, C, Em, G, D, G

This was a version taught to me by Jim Couza back in 1982/3

For the "roll" notes in the A part, double strike or bounce the lower note and then single strike the upper to get a "brrrum" sound. When you add the two notes after the roll you get a "brrum pa pa" sound.

Bar 9 and 10 in the B part take a bit of doing, Practice, practice, practice. Slowly then gradually speed up. Keep going round and round until your drive everyone mad, hopefully you will get it before murder ensues.
